

# A WEDDING DVD! The Best Decision You'll Make – Here's Why

There are many reasons to hire a Wedding Videographer. Here are our **Top Ten**:

1. **PRESERVE** all the decisions you are making now on video - flowers, cake, centerpieces, lighting, invitation, place card seating assignments.

2. **HEAR** your vows even better than your guests. Avista uses a wireless microphone on the groom to capture top quality audio - your vows are important, so we want to make sure we get them right!

3. **SEE** what happens before you arrive! See what your fiancé does while you are getting ready and view your guests mingling during the cocktail hour!

4. **RELIVE** moments that go by too fast (vows, first dance, cake cutting, toasts)...*What was that funny remark during the ceremony?*

5. **SHARE** the entire event with friends and family who could not attend your wedding.

6. **WATCH** your reception without stress. See the dancing, listen to your favorite music selections from your DJ or band, catch all the things you miss.

7. **FEEL** the emotions of your guests during the ceremony and see everyone who's there.

8. **REMEMBER** everything about your first dance. Photos cannot capture that special moment, especially your spiffy footwork if you take dance lessons.

9. **AFTER YOUR HONEYMOON**, watch the incredibly vivid record - on DVD - of your wedding day. You will always cherish this memory.

10. **IN 10 YEARS**, watch your Wedding DVD with your children and see their awe and amazement at their parents on their wedding day!
